

ProEd

Furniture for learning

The right furniture is not just about seats and tables

Creating spaces that inspire and allow learners to reach their full potential is the ProEd philosophy.

Our focus is on how learning happens within a space and how our furniture can enhance that process. Every environment works differently so everyone feels comfortable and can learn efficiently.

Our guarantee to you

Selected ProEd branded chairs are guaranteed for 6 or 10 years (commencing from the date of purchase) to the original purchaser against faulty manufacture. This excludes the upholstery material and fair wear and tear. The guarantee is subject to the chair being used for its designed purpose. A lifetime guarantee on gas lifts for selected chairs.

Engaged Learning

Modern learning environments have changed immeasurably in recent times. Largely driven by technological advances and the availability of online content and computers.

Schools have also had to develop new teaching strategies that are more student focused, and engaging students in learning using a number of methods. Every classroom has a different requirement but each will have similar characteristics based on the following:

Student Centric:

Students play an active role in their learning, thinking critically and learning by doing.

Active Learning:

Students participate by working in groups or on computers, to complete projects and to discover new skills.

Adaptive Learning:

Any classroom will have students with different learning abilities. Different areas need to be provided to allow students to learn at their own pace

Collaborative Learning:

One of the most effective forms of learning. Learning in groups enhances the scope of learning and critical thinking.

Technology:

Allowing groups to create content, display and share between small groups or the entire class.

Engagement:

The classroom environment should be used to inspire learners and to help them become more engaged in learning. The modern classroom should be a place that students want to be.

ProEd Training Chair

Pictured with grey/black castors

Horizontal stacking

DESCRIPTION

The ProEd Training chair is the perfect solution for educational, training environments and as a meeting chair where space is limited.

The high density polyurethane moulded foam seat provides users with superior comfort over extended sitting periods. The nylon mesh back includes a clever hinge mechanism which moves to accommodate subtle posture changes resulting in extra comfort and optimal back support.

The tilting seat and heavy duty castors make for easy vertical stacking and rollaway storage.

FEATURES

- Strong steel tube black powder coated frame with integrated nylon arms
- Resilient nylon mesh back
- Hinged back enabling user movement and comfort
- PU moulded foam seat providing comfort for extended sitting periods
- Tilting seat for vertical stacking
- 55mm nylon castors for ease of movement during use and when stacked for storage
- Full 6 year guarantee (excl upholstery)

OPTIONS

- Silver powder coated frame¹
- Nylon mesh colour options: red, green and blue¹
- Linking connector¹
- Grey/Black 55mm castors
- Customer specified fabric (seat only)

SPECIFICATIONS

ProEd Training Tables

DESCRIPTION

The ProEd Training table is the perfect solution for educational, training environments and occasional board and meeting rooms where space is limited.

The heavy duty powder coated frame provides strength and unsurpassed working stability. The Table Top tilt function is simply and conveniently operated by either one of the 2 tilt/lock levers located at opposing ends of the table. Repositionable linking connectors allow users to create various table configurations (see layout below).

The tilting table top and heavy duty locking castors make for easy vertical stacking and rollaway storage.

FEATURES

- Hard wearing E0 (Carb 2) 25mm melamine tilting table top with matching PVC hard edge
- Modesty panel with cable management tray
- Repositionable linking connectors enabling various configurations
- 4 x 65mm heavy duty nylon locking castors for ease of movement during use and when stacked for storage
- Full 6 year guarantee
